YODGORBEK from Uzbekistan

The University of Nyíregyháza is **distinguished by its warm, supportive environment** and robust student mentorship network. The readily available assistance from both professors and international peers greatly eases the transition into campus life. I am truly delighted to be studying here.

DILMUROD from Uzbekistan

Szia! I'm Dilmurod, a second-year Computer Science student at the University of Nyíregyháza. **Studying here has given me much more than a degree** — international friends, valuable experiences, new opportunities, and a completely different perspective on life.

BAKHITIAR from Kyrgyzstan

Studying aviation at **this university has opened up incredible opportunities** and provided invaluable practical experience. The modern facilities, expert instructors and professional training have given me the confidence to pursue my dream of becoming a pilot. This supportive community creates the ideal environment for both personal and professional growth. I am truly proud to be part of such a dedicated and inspiring student body.

ARTYOM from Kazakhstan

Nyiregyhaza is a beautiful small city and the University here is as great. International students here feel very welcomed. Being a part of a large multicultural community here opens my mind to new ideas and **provides valuable experience**.

NEMATJON from Uzbekistan

"Two years in with a year and a half left, **choosing the University of Nyíregyháza has been one of the best decisions I've made**. As a Stipendium Hungaricum scholar, I've felt completely supported from day one - not only through the strong academic foundation on campus, but also through my practical flight training at Tréner Kft., truly one of the top flight schools in the region. Being trusted to represent our pilot program back in February proved to me that this university genuinely invests in its students and prepares us for the sky."
